

Refuse & Recycling Collection Changes Effective March 23, 2020

Beginning March 23, 2020, Lakeshore Recycling Systems (LRS), the Village's contracted provider for residential garbage and recycling pickup, will make the following collection changes until further notice in an effort to mitigate concerns over COVID-19.

The collections of bulk items, appliances, and e-waste will be suspended. Loose material, bulk items (mattresses, furniture, etc.), appliances electronic waste or other large items at the curb will not be collected for the safety of staff and residents.

At this time, normal garbage and recycling service will remain unaffected by these changes. Any further changes will be communicated on the Village's website at www.villageofwaterman.com.
