

VILLAGE HALL

CLOSED

Beginning Tuesday, November 24, 2020 Waterman Village Hall will be closed. Minimizing the exposure and spread of COVID-19 is crucial. In-person meetings and services will be by appointment only and follow “best practices” outlined by the Center for Disease Control (CDC), local, and state leaders.

All correspondence will be processed daily. If you would like to make a utility payment, please place it in the drop box located to the right of the main entrance or visit our website www.villageofwaterman.com to make an online payment.

Meeting the health, safety, and service needs of Waterman and our staff are of the greatest importance. The Waterman Police Department will continue to provide services as outlined by Chief Cicci previously. Public works will continue to maintain the village infrastructure and services as required.

Please submit all inquiries to the Village Clerk at abigailpool@villageofwaterman.com. In the event of an emergency or to schedule an appointment, please call 224-489-9432.
